UNEARTH NATION WIDE SCHEME TO CONVERT NEGRO RACE TO SOCIALISM

NEGRO RECEIVES HIGHEST DECORATION OF WAR.

SOUTHERNER OPPOSES HOWARD APPROPRIATIONS

RAISES POINT OF ORDER; UNIVERSITY LOSSES SUM AGGREGATING \$80,360.

(By The Associated Negro Press).
Washington, D. C., July 10.—On a point of order raised by representatives Ragsdale of South Carolina, the appropriations for the support of Howard University, this city, carried in the sundry bill, were stricken from the bill in the house today. Mr. Ragsdale contended that there is no legislation authorizing the appropriation.

Chairman Good admitted that there is no legislation authorizing the appropriation, but urged Mr. Ragsdale to let the item stand as appropriations had been carried in the bill for many years. He added that there is much charity in the bill.

"That does not make it right," said Mr. Ragsdale. "I make the point of order that it is not carried legally." The point was sustained against the items, aggregating the total of \$80,360 and they were stricken out.

Chairman Good said that the appropriation for Howard University has frequently been stricken out in the house and restored in the senate, the conferees finally retaining it. The same course will be followed in this instance, he indicated.

Howard University is one of the largest and best known schools in the United States and has hundreds of students.

WHITE JUDGE STOPS ERECTION OF RACE HOSPITAL.

(By The Associated Negro Press).
Baltimore, Md., July 10.—Judge Allen McLane signed an order in the Circuit Court of Towson restraining Governor Harrington and other members of the Board of Managers of the Maryland Tuberculosis Sanatorium from erecting a Sanatorium on a proposed site near Towson for the treatment of colored tubercular patients.

The bill on which the injunction was granted was filed by Andrew Snyder and wife on behalf of themselves and other residents of the vicinity. The complainants state in the bill that they are the owners of the valuable property adjacent to the 60 acres for the purchase of which the board has secured an option at the price of \$380 per acre.

The bill states that the board has

SOUTHERN GOVERNOR DENOUNCES LOYAL ORDER OF KLANSMEN.

OPENLY ATTACKS SCHEME AS A "DESPERATELY WICKED APPEAL TO RACE PREJUDICE." LIBEL SUIT EXPECTED

(By The Associated Negro Press).
Raleigh, N. C., July 10.—Denouncing the Loyal Order of Klansmen, which has received a State charter and is being widely advertised in the newspaper, among them Secretary Daniel's Democratic organ here, Gov. Bickett today called on all North Carolinians to repudiate this "desperately wicked appeal to race prejudice, and to withhold money from 'this scheme so transparently impossible so plainly a gold brick proposition that ordinarily the inmates of an institution of the feeble-minded could not be induced to part with their coin for a certificate of membership in such a soap bubble'."

Gov. Bickett's attack, which is said to be the first made by any Southern Governor on this organization which is secretly sweeping over the South, comes in the middle of a campaign for memberships. The entrance fee of \$50 has been cut to \$10 and page advertisements are being published. Gov. Bickett's attack it was said last night, may be followed by libel suits by the promoters, who justify the organization as an answer to activities among Negroes who are organizing.

The Governor catalogues from literature the undertakings of the order,

no authority under the law to make such a purchase and no funds which can be legally used for that purpose. When the legislature passed an act authorizing the establishment of a sanatorium for colored patients it was stipulated that nothing was to be done in the matter until the next session of that body.

The complainants also claim that the founding of a sanatorium at the proposed locality would be a nuisance and a menace to the public health.

PLAN TENT CITY TO RELIEVE CONGESTION

Pittsburgh, Pa., July 10.—If plans of the Negro population of the Hill district are approved by certain city officials, a tent town will soon make its appearance in the congested section of the hill. The arrangements are to erect tents on city property and live in them until winter's winds drive them to other and more sturdy shelter, as rents are said to be so excessive that many families are being forced to vacate on account of not being able to meet the profit-seeking landlords' new prices.

In an appeal before council, George A. Neale, representing several civic organizations of the hill, and A. W. Lynch, editor of the Pittsburgh American, a paper published for Negroes, the men told of how rents during the past two months have been advanced in some instances as much as \$12 per month. Not only did the committee request permission to erect tents on city property for Negroes alone, but for white residents as well. "We they say," are also offering as the result of poor housing conditions. If the tent town is allowed government tents will be used.

Georgia Negro Wins Case Without Counsel

(By The Associated Negro Press).
Gainesville, Ga., July 10.—United States Court convened this morning at ten o'clock, when the grand jury returned several true bills and announced the completion of its work, when the body was discharged for the term with the thanks of the court. The case of Luke Johnson, colored, charged with evading the draft, was then called. The jury was sworn and Solicitor John L. Neely, presented the government's case. Johnson was not represented by counsel, managing his own case. After hearing the evidence on both sides, Judge Shepard instructed the jury to return a verdict of not guilty. Johnson has been before the United States and municipal courts so many times for so many different alleged infractions of the law that he has reached the point where he considers himself competent to manage his own case, and the manner in which he handled the case today shows he has a pretty clear knowledge of the statutes, especially in the matter of laying the foundation for introduction of testimony.

Rotary Club Backs Plans For Welfare Club

(By The Associated Negro Press).
New York, N. Y., July 10.—Backed by the Rotary club, 550 Negroes of Harlem will be called together next week to make plans for the opening of a "Colored boys' welfare club house" in Harlem. It is planned to obtain subscriptions of \$5,000 from Harlem Negroes. The treasurer, John D. Saunders, said yesterday that more than half is already in the bank. A committee of the Rotary club, authorized to do so by the club, pledged \$5 for every \$1 raised by Negroes of Manhattan, up to \$1,000. The Rotary idea is to bring existence in Harlem a welfare association for 10,000 boys for whom now nothing is being done. The motto adopted is "Give me a chance."

Rotarians who are behind the project include Messrs. C. J. Atkinson, chairman; Henry D. Ahrend, Albert E. Parker, Arthur Woodward, Pile MacDonald, Henry C. Hawk, William Morris, and Eugene D. Boyer and Dr. Otto H. Schultz. On the Harlem committee are the Revs. Wm. H. Brown, William P. Haynes, J. W. Brown and A. C. Powell and Dr. E. P. Roberts is the chairman.

The plan includes a community house with gymnasium, bath and club rooms and educational program, co-operating with the Y. M. C. A. Urban League and Boy Scouts.

Stop Publication For Radical Statements

The postal authorities have notified the publishers of "THE MESSENGER," the Radical Negro magazine, that the July number containing articles entitled "THE HUN IN AMERICA" and "MAKE AMERICA SAFE FOR THE NEGRO."

"German propaganda among Negro soldiers" has been temporarily suppressed awaiting advice from Washington.

"THE MESSENGER" has been frequently mentioned at the hearings of the Lusk Committee and it is generally conceded that, barring none, "THE MESSENGER" is the most Radical magazine in America today.

VAN ALLEN GIVEN MEDAILLE MILITAIRE.

ROUTS MACHINE GUN NEST SINGLE HANDED.

Boston, July 10.—Clarence R. Van Allen, corporal of Company L, 372 Infantry Regiment, who put a German machine gun out of action single handed, killing four of its crew and capturing three others, one of the bravest exploits of the war, was decorated today with the Medaille Militaire, the highest honor France confers on an enlisted man. Officers of the Northeastern Department, who turned out in a body to honor the man, who was formerly a waiter here, said they believed he was the first American soldier to receive the decoration. His valor is a distinction for the entire race.

Unique Surgery Causes Growth of Hair On Nose

(By The Associated Negro Press).
New Orleans, La., July 10.—The usual place for a mustache is on the upper lip, below the nose. Willie Webb of 2824 S. Andrew Street, Negro veteran of the Champagne front, has a mustache on the top of his nose near the end, or would have if he did not shave it away with his trusty razor. A section of his scalp was grafted there by surgeons in Paris, a skillful piece of rebuilding after a shell had exploded in the soldier's face.

The regiment of which Webb was a member took several German trenches in the Meuse of advance and a number of prisoners. Willie saw German dugouts "all concreted" with a piano and "lots of beer." He himself captured a German soldier who persisted in showing fight after he was taken, even when "asked nice" to come along, so Willie "drug him." He was wounded October 4, by a shell that killed three near him.

Militant "Y" Secretary Goes To Columbus

El Paso, Texas, July 10.—(Special) M. F. Mitchell, colored Y. M. C. A. secretary, has returned to Columbus, N. M., with the Twenty-Fourth Infantry, after spending two weeks with them during their stay at Camp Viceroy. When the Negro troops crossed the Rio Grande, on the night of June 15th and chased Pancho Villa, and his men out of the suburbs, Mitchell went with them, and stayed until they were ordered out of Mexico the following day.

Mitchell made his headquarters in the bandstand in the Benito Juarez plaza southeast of Juarez, which the rebel troops had held practically since the fighting Saturday night. During Monday morning he moved to the plaza opposite the San Guadalupe Mission, where the troops were bivouacked. Opportunities for exercising the functions of the Y. M. C. A., were few, but the secretary was in the forefront of the troops all the time, and once or twice thought he would have to use the army automatic which he wore on his hip.

Baltimore Church Liquidates \$74,000 DEBT

Baltimore, Md., July 10.—Joy reigned supreme at Bethel A. M. E. Church all day last Sunday, the congregation having liquidated a mortgage indebtedness of \$74,000 and other obligations, all of which confronted the noted Rev. Dr. W. Sampson Brooks when he became pastor two years ago.

It was just three weeks ago when Dr. Brooks and his co-workers raised \$30,000 in a spectacular all-night rally. An additional \$33,000 was secured last week, making \$63,000 in hand with which to pay off the remainder of the mortgage. The church bell tolled the good news and the one on the city hall rang out 33 times.

In preaching last Sunday morning, Bishop W. W. Beckett congratulated the congregation on its huge success in paying off the debt of Dr. Brooks. The latter received an ovation, as he did also at the afternoon and evening services, when Mrs. Lena Mason preached.

Dr. Brooks was given a substantial purse for a rest trip, and is now at Washington attending the annual session of the Women's Home and Foreign Mission Society of Texas. Rev. P. D. McDonald, a former army chaplain, is filling the pulpit during the pastor's absence.

NEGRO WINS IN THEATRE SUIT

JURY HOLDS NEGRO HAS RIGHT TO SIT IN ANY PART OF THEATRE

(By The Associated Negro Press).
Spokane, Wash., July 10.—Holding that a Negro has the right to sit in any part of the theatre to which the admission price entitles him, a jury in Superior Judge Hume's court this afternoon returned a verdict of \$200 damages for S. S. Moore, colored, against the Fantages Theatre Company.

The judgment is of widespread importance, for it means that Negroes cannot be segregated from whites in any place of public amusement in the state of Washington. The jury deliberated only an hour and a half Monday evening before determining the verdict which was returned, sealed today. Of the twelve jurors, eleven declared the \$200 judgment was their verdict. Martin Johnson of Cheney replied in the negative.

"I wanted the damages to be \$1,000 at first," said Mr. Johnson, after "I dropped to \$500 but did not agree with the \$200 verdict. I did not think that was enough."

"All of us were for damages from the start," said Jas. Hammel, E. 1809 Huray Avenue, another juror. "All declared that even if a man were black he had the right to sit where he wanted to. We figured though, that \$200 was enough, for Moore's humiliation."

Moore sued the "Pan" for \$5,000. According to testimony he appeared at the theatre September 15. The usher requested him to take a seat in the second balcony, stating it was the custom of the theatre to put Negroes there. Moore objected and left. He claimed the \$5,000 for embarrassment and humiliation. F. W. Atwood and Charles Aten were his attorneys. George Arnold was attorney for the Theatre company.

PROPAGANDISTS OF NEGROES TRY TO USE LEAGUE.

"Self Determination" Plea Embarrasses Southerners.

Highbrow Agitators Frame "Equality" Program.

By L. Harper Leech, Staff Correspondent The Dallas Dispatch.

Washington, July 7.—Congress is being flooded with propaganda of various movements fostered by Negro agitators. Southern members are growing uneasy at the volume of this agitation. They are cluttered with literature from various organizations demanding "self determination" for the Negroes—whatever that may mean.

It is evident that a backfire from the ill-advised Creel propaganda is sweeping among the Negroes and that a well organized agitation, strongly financed, exists.

"Boomerang" Develops. The propaganda about self determination of peoples, making the "world safe for democracy," etc., which United States propaganda agencies spread over Europe, have had some unexpected effect. In Egypt particularly, they have been a powerful stimulus to a revived Pan-Islamic rebellion against white domination in the land of the Nile. It is not surprising that they have been seized upon by agitators over here.

Many southern congressmen privately admit that the prospect for trouble is heightened by the adoption of the suffrage amendment and the developments at Paris.

The Negro propaganda is being stirred up thru many of the Negro church organizations.

To Seek Wilson's Aid. It is understood that on his return President Wilson will be petitioned to interfere in behalf of the Negroes in support of the theory of "self determination" which they say he championed at Paris. The organizations which dispatched the Negro delegations to the conference of the African races at Paris are co-operating in this plan. Over there these delegates headed by William Trotter met Negro delegates from Haiti and several French African colonies. They sought to work up sentiment against the people of the southern states among the British and French, and asked them to bring up "southern atrocities" before the peace conference.

They also sought the aid of the Japanese and the Zionist organizations working for the Jews of southern Europe.

Southerners Embarrassed. The use of the doctrine enunciated at Paris by the president and his supporters and the emphasis laid upon the League of Nations by the Negro propagandists as a means of securing

Burning At Stake in the United States.

A record of the public burning by mobs of five men, during the first five months of 1919, in the states of Arkansas, Florida, Georgia, Mississippi and Texas, an account of five of the most atrocious crimes committed this year, in open contempt of the law and courts, as a result of the release of primitive bestiality in the rule mob passion.

Read the Record. Read the first installment of an account of these horrible murders on page 4 of this issue.

Lest You Forget. In none of these states has any participant in the public burning of a United States citizen been punished.

Read the Record. Read the first installment of an account of these horrible murders on page 4 of this issue.

SOUTHERNERS FEAR OUTCOME OF RACE AGITATION

Negro "Self Determination" Embarrassing To Southern Congressmen.

The following is an exact reprint of head lines and article appearing in the July 7th issue of the Dallas Dispatch. It is clearly effective with the general attitude of the south with reference to any efforts to put forth to better the condition of the black man and indicative of the uneasiness resultant to the white prejudicial mind because of the apparent self-determination of the Negro to demand an "equal break."

PROPAGANDISTS OF NEGROES TRY TO USE LEAGUE.

"Self Determination" Plea Embarrasses Southerners.

ARE SEEKING AID.

Highbrow Agitators Frame "Equality" Program.

By L. Harper Leech, Staff Correspondent The Dallas Dispatch.

Washington, July 7.—Congress is being flooded with propaganda of various movements fostered by Negro agitators. Southern members are growing uneasy at the volume of this agitation. They are cluttered with literature from various organizations demanding "self determination" for the Negroes—whatever that may mean.

It is evident that a backfire from the ill-advised Creel propaganda is sweeping among the Negroes and that a well organized agitation, strongly financed, exists.

"Boomerang" Develops. The propaganda about self determination of peoples, making the "world safe for democracy," etc., which United States propaganda agencies spread over Europe, have had some unexpected effect. In Egypt particularly, they have been a powerful stimulus to a revived Pan-Islamic rebellion against white domination in the land of the Nile. It is not surprising that they have been seized upon by agitators over here.

Many southern congressmen privately admit that the prospect for trouble is heightened by the adoption of the suffrage amendment and the developments at Paris.

The Negro propaganda is being stirred up thru many of the Negro church organizations.

To Seek Wilson's Aid. It is understood that on his return President Wilson will be petitioned to interfere in behalf of the Negroes in support of the theory of "self determination" which they say he championed at Paris. The organizations which dispatched the Negro delegations to the conference of the African races at Paris are co-operating in this plan. Over there these delegates headed by William Trotter met Negro delegates from Haiti and several French African colonies. They sought to work up sentiment against the people of the southern states among the British and French, and asked them to bring up "southern atrocities" before the peace conference.

They also sought the aid of the Japanese and the Zionist organizations working for the Jews of southern Europe.

RAND SCHOOL LOSES CHARTER FOR SEDITION PROPAGANDA

PLANNED TO USE THE NEGRO IN PLOT TO SEIZE GOVERNMENT. ARMED REVOLT THEIR METHOD OF OPERATION.

(By The Associated Negro Press).
New York City, N. Y., July 10.—Armed revolt to put down the government when the Bolshevik "day" should come in this country was openly advocated for more than two years by the Rand School of Social Science, the Lusk committee learned yesterday from papers seized in the raid last week on that institution.

Convinced that the proof of open sedition had been presented, the STATE investigators gave instructions that the document be turned over to the District Attorney's office and that the Attorney General of the state be asked to proceed to revoke the charter of the school.

The radical groups in New York had worked out a nation-wide scheme of propaganda to convert the Negro Race to Socialism, this being regarded as essential to their plot to seize the government so the capitalist class could not organize the Negroes for defense.

Planning through the secret schemes of the radicals was the purpose to strike when the day arrived to take over the government and to be prepared by having all labor industries organized through the Negroes.

Senator Clayton R. Lusk, Chairman of the committee, in reviewing the evidence at the close of the hearing said the two amazing features were first that it was shown the Rand School and its associates were preparing for armed revolution and were urging their "army" to be ready to resist the militia and second, that the clever propaganda designed to arouse the Negro Race was seditious and vicious.

Most elaborate of all the propaganda schemes so far brought to light was that by which the radical hoped to turn the power of the Negro race into a great set. The whole scheme was outlined in an extensive document found in the Rand School and prepared by W. A. Domingo.

"It is the Socialists should elect a President, capital in prepared to use the Negroes for a guard to prevent the new government taking office." "With the Negro as guards they seize the arsenals six weeks after election. Autocracy will use force or fraud to control the Negro and suppress Socialism. It is necessary to change the race consciousness of the Negro into a class consciousness and show him his duty is to support all wings of Socialism."

The means by which that end was to be accomplished were outlined as follows: "Give financial support to Negro papers which support radical doctrine. Subsidize Negro speakers and orators to spread radical teachings in Negro meetings and show that Socialists are the only true friends of the black race. All socialists must make a strong point of condemning all injustices to the Negro and particularly denounce lynching. Prepare special propaganda for wide circulation among Negroes and get them in the habit of attending meetings at which 'their interests' are discussed by Socialist speakers. Show that capitalists control newspapers and schools with a view to keeping alive class distinction while 'not stressing the race question.'"

One of the strongest mediums of appeal would be through the church, the memorandum suggested, and this would be comparatively easy to accomplish as the "Negro minister was the most parasitical of all celestial navigators."

The document of this subject as read into the record was an exhaustive analysis of the Negro problem. It dwelt on the psychology of the Negro, "showing how he views the state and government and pointing to the weak spots in his mental status through which the Socialist could force an entrance."

rights of "racial minorities" is very embarrassing to southern members who want to support the administration's program, but are worried over these side issues.

What the agitators are driving at may possibly be gathered from a program adopted at a recent meeting at Cleveland of the Association for the Advancement of Colored People, a mixed organization of which Jane Adams and other highbrow uplifters are prominent members.

This program of "immediate demands" which they hope to achieve thru federal action provides for: "Fair trial in the courts." "Equality of opportunity for employment." "Right to sit on all juries."

Equal and segregated accommodations in all public places, restaurants, hotels, parks, libraries, etc. Federal control and punishment of lynching.

That these agitators are actually inducing in the pine dream of using the League of Nations to attempt to force interference into domestic conditions in the United States is shown by articles in the "Crisis" and other publications of that character voicing this very idea.

Maliciously Shoots Colored Prisoner.

Murray, Ky., July 10.—When Jailer Albert Jones entered the jail on Thursday with dinner for prisoners, he demanded of Ed Gardner, a Negro prisoner, "Get up off that cot; get a move on and take this food in there for you 'niggers.'" Because Gardner did not move quickly enough to suit the jailer, he (the jailer) used more abusive language to the prisoner. An argument ensued during which the jailer drew his revolver and shot Gardner in the leg.

Gardner had been put in jail on a charge of whiskey selling. The additional charge of assault was preferred against him.

Attempt To Prejudice French Falls.

Baltimore, July 10.—Returning troops from the 88th Pioneer Regiment, 521st Engineers and other outfit claim that some white Americans tried unsuccessfully to prejudice the French people against them.

Sergeant W. S. Haynes says that some sections the populace had been told that the colored men were wild

men, had long hair all over their bodies and tails like monkeys. Children sometimes, he said, lifted up the coat-tails of a colored soldier in a vain look for the tail of the monkey. The troops received a warm welcome on their return home. Dr. Ernest Lyon, Rev. A. L. Gaines, John Berry, H. M. Gross and others arranging therefore.

Even the "Jim Crow" law is not enforced in Dallas, Texas, when it happens to work to the disadvantage of white passengers on the city street rail-ways. As a result of the unequal operation of this sectional law of the Southland, a colored woman was brutally attacked by a white passenger on the Harwood-Oak Lawn car at 8 p. m. Sunday.

The trouble started when a Negro woman protested against a white passenger taking a seat in the Negro section of the car, thereby causing the colored passengers to stand.

A white man overhearing the remark, told her to shut up.

She refused, whereupon the white man slapped her in the face, knocking her down. Another colored woman, who attempted to assist her friend, was in turn knocked down.

The trouble occurred while the car was passing through the business section of the city and at Murphy street most of the passengers, who had crowded to the front, made a hurried exit.

The white man, who had at the beginning of the fray drawn his gun, also alighted dragging the colored woman from the car with him. When she grabbed him about the waist he again knocked her down.

Officers took the woman in charge. Passengers on the car claimed not to know the identity of the white man, but said the police officer who took charge of the woman did not place him under arrest.

men, had long hair all over their bodies and tails like monkeys. Children sometimes, he said, lifted up the coat-tails of a colored soldier in a vain look for the tail of the monkey. The troops received a warm welcome on their return home. Dr. Ernest Lyon, Rev. A. L. Gaines, John Berry, H. M. Gross and others arranging therefore.
